Project: Test Schedule - new cables & methods

myCableEngineering

Designation	Cable Type	Specification	Length (m)	Description	Source	Destination	Comments
=N-W1	Cable parameters have not been selected. Please use the configuration and sizing dialogues to select an appropriate cable.						
=N-W2	BS 5467 1997+A3:2008 thermosetting, armoured 600/1000V cable. Three-core solid aluminium conductor	1x3c 95 mm ² Al/XLPE/SWA	20	User defined low voltage cable	Hello	Goodbye	
=N-W3	BS 5467 1997+A3:2008 thermosetting, armoured 600/1000V cable. Single-core copper stranded conductor	2x1c 95 mm ² Cu/XLPE/AWA	65	BS 7671 Low Voltage - fully sized	Home	Work	This cable is a fully defined low voltage cable. Other cables in the project depict different types and to different completion levels. This aim is to have a good selection for testing reports.
